

**Themes of the CBE events**  
**Held from June 2002 and planned in 2008**  
**(Updated in June 2009)**

**CBE events provide knowledge transfer, promote best practice and raise awareness about the topics of interest to the construction sector. They cover four main themes which are colour-coded in the programme as follows:**

Themes of the CBE events	
Themes	Number of topics
<b>SUSTAINABLE BUILT ENVIRONMENT</b>	
Sustainable buildings	27
Restoration and modernisation of buildings	4
Sustainable Housing	9
Innovative building design	32
Sustainable planning, urban design and urban history	54
Sustainable energy production	7
Indoor environmental issues	7
Environmental issues	12
Accessibility of the built environment	12
Social issues in the built environment	2
<b>SUSTAINABLE CONSTRUCTION</b>	
Sustainable construction	19
Social issues in the construction industry	9
Health and Safety in Construction	13
Infrastructure	1
Skills shortages	3
<b>CONSTRUCTION MANAGEMENT</b>	
Best value and value management	11
Construction Management	28
Building Legislation	7
Legal issues	25
Information Technology	12
Insurance	1
Marketing	4
International business opportunities	1
<b>POLICIES, RESEARCH AND EDUCATION</b>	
Research and innovation funding programmes	2
Public policy in planning, architecture and construction	25
Joint academic research events	2
Educational issues	1
<b>Total</b>	<b>330</b>

**Length of events: Seminar = 90 minutes; Workshop = 3-4 hrs; Conference = one or two days; Free lecture = 1 hr; Consultation events = 3-4 hrs; Exhibition = 1 week**
